FINALLY, after what seems months of dark, dank days, Spring is finally coming into view and with it the promise of a brighter outlook.

Preparations are already underway, therefore, for next month's popular Spring Show, although before that there is the small matter of a mini village exodus as several residents head off to cheer on Lincoln City in their historic FA Cup quarter-final clash with Arsenal (page 3).

Those who wish to pray for a momentous result, however, will have to find another local church to kneel in as St Edward's is undergoing some rebuilding work and will be out of action until around May (page 13).

Meanwhile, the Sudbrooke Neighbourhood Plan exhibition was hailed as a success, with around 150 villagers popping down to the Village Hall to view the plans and put their points of view across. A full report will follow in next month's issue as it was a tad too late for this one.

We also have an interview with one of the owners of the Cherry Cafe & Bistro, who are selling up and heading into retirement. Sunshine. **Dom**

IT'S GUNNER BE AMAZING

Lincoln City's progress to the quarter-final of the FA Cup has been a fairytale of gargantuan proportion and several Sudbrooke residents will be out in force at the Emirates Stadium on Saturday 11 March (kick-off 5.30pm), when the Imps take on the mighty Arsenal.

The Imps are just one game away from Wembley, and two games from a possible place in Europe, following an unbelievable run that has seen them sweep past Football League sides Oldham, Ipswich and Brighton, before they conjured up one of the biggest giant-killing acts of all time when they beat Premier League side Burnley at Turf Moor.

That set up a glamorous tie against the Gunners, with 9,000 City fans heading down to the capital to roar on Danny Cowley's men in what will be the biggest match of their lives. Read a villager's report next month.

154) District Councillor's Report

- DC Stuart Curtis reported that he had received complaints from residents over traffic problems caused by school buses believed to be from Market Rasen and Horncastle at the drop off points close to the junctions of Wragby Road/Scothern Lane and St Edwards Drive. He had suggested to the County Council that only one stop is designated along Scothern Lane for safety reasons and this was being considered by the Passenger Transport Unit.

155) Reports on Matters Outstanding

- Defibrillator - Permission had now been obtained from the building owner for siting the defibrillator on the wall of the hairdressers. Members voted and Resolved unanimously to make payment of £300.00 being the parish's contribution for the defibrillator.

TAKING A WALK IN THE COUNTRY

With Mike Halliday

01522 754686

FEBRUARY WALK

■ Ten walkers set off on a glorious winter sunny day from Binbrook in the Wolds heading towards Kirmond le Mire over Binbrook Top.

Just beyond the fish ponds in Thornton le Vale, we came across delightful wooded areas covered in snowdrops and aconites.

We encountered just one really muddy field that would have removed your boots if not tightly laced up.

We were all a good three inches taller by the end of the field.

The long views throughout the eight-and-a-half mile walk were superb.

MARCH WALK

■ A seven-mile circular walk from Nocton village skirting around Nocton wood heading towards Wasp Nest.

The terrain is good apart from one very muddy field.

The walk provides an opportunity to see the remains of Nocton Hall, *pictured*, originally built in the 1530s and visited by Henry V111 and Catherine Howard.

Walkers should meet at the village hall at 9-30am and are advised to take a waterproof coat, bring a drink and a snack and wear suitable footwear.

Everyone is welcome to join us.

COME ON DOWN!

ST EDWARD'S ALERT!

Repairs to the chancel arch means the church will be temporarily closed

Readers of **Sudbrooke News** will be aware of the ongoing work required on St Edward's Church, Sudbrooke, to maintain the fabric of the building.

This principally involves major repairs to the Chancel Arch and in phase two repairs to the roof (we hope then to move on to raise the path to allow access for wheelchairs and pushchairs, deal with repairs required to the organ, put in a sound and loop system and who knows what will come next!).

The good news is that we are about to embark on repairs to the Chancel Arch.

This is internal work and involves the erection of scaffolding, removing a significant amount of plaster, fitting strengthening bars, renovating stonework, plastering and painting.

The work will start at the beginning of March and will involve the complete closure of the Church building (weekdays and weekends) for a

period of four weeks. We hope then to return for Sunday Services in Sudbrooke, but because of the erection of scaffolding, the Church will be closed during the week until the scaffolding has been removed. This could be a period of 12 -16 weeks (the scaffolding will be erected so that we can work around it for Services).

We are expecting to be open for Easter and for the West Lindsey Open Churches Festival (May 13-14). If the work isn't complete, well it's a chance to come and see what is happening!

Honestly, this situation is likely to be 'fluid' and we will make decisions month on month until the work is complete. Access to the Churchyard will not be affected.

Our thanks to members of the community who have made this possible through their donations, and to members of the Finance Committee

at Sudbrooke Church who have done a significant amount of work in gaining grants to begin this programme of work.

Rev'd Penny Green

WILL YOU PLEASE HELP...

You may be aware of the 'Great British Spring Clean' initiative. Our village has been included in the scheme and, as you may have noticed, our communal areas and open spaces need a good tidy up. If you or your family members can spare some time to help, it would be much appreciated.

With a reasonable turnout the job should be completed in approximately 90 minutes.

Litter picks are a good opportunity to meet like-minded villagers. Free tea, coffee, soft drinks and biscuits will be available at the Village Hall from 9.30am to 10am during which time a short health and safety briefing will be held and equipment issued to volunteers.

Litter picking starts from 10am.

LONELINESS

Over January there seems to have been quite a lot on the news and radio about the issue of Loneliness.

It does seem particularly acute over the winter months because of the short days, long nights and to some extent the weather drives us back into our homes.

For many, loneliness appears to be enforced - it is difficult and maybe impossible to leave the home; for some, circumstances cause loneliness - the loss of a loved one, the isolation of a broken relationship; the responsibilities of caring for another; of course, we can be lonely in a crowd of people and in a relationship, however it comes, it is tough to adjust to and to deal with.

I do wonder how many people this affects in Sudbrooke and I wonder if there is anything we can do to help?

I recently read about an initiative to help with this issue, trying to enable groups of people across the generations to meet together for a tea party.

The gathering is normally in a home and is designed to help people build relationships across the generations.

It's simple and it seems to work... is anyone interested? Would anyone join me in holding a tea party? Is there anyone out there who

wants to come to a tea party at the vicarage to break the monotony of their own four walls? If so, please contact me.

One of the difficulties I find in trying to contact people is that those who are feeling lonely, don't tend to put themselves forward - I realise it's a bold thing to do, but why not try?

Or maybe - ask a neighbour to do it for you!

We are now approaching Lent in the Church year. Our season of preparation for Easter.

It is the time when we remember Jesus taking himself away from everyone and everything to prepare for three years of teaching, healing, being with crowds of people and ultimately where He faced the cross and resurrection.

He had to face Himself too, with many temptations, and to understand His identity as the Christ, the Son of God.

On His own He found solitude - an ability to be Himself in the presence of His Father, to face the future with courage and to resist every distraction that was thrown at Him.

He came away from 40 days apart, to a place of assurance and peace and knowing His true identity... may we all know that strength and that peace.

ALEC C. CARROTTE ON THE ROLE OF PLAY IN OUR LIVES

"Defining play is difficult because it's a moving target. It's a process not a thing"

(Eberle)

"A state of being" purposeless, fun and pleasure"

(Brown)

The above definitions would seem to suggest therefore that the main focus of play is on enjoying the actual experience and not in accomplishing an actual goal. The situation is even more confusing when consulting Collins Dictionary and Thesaurus as, there are 32 variations.

However, perhaps a summary might be that play is "to occupy one's self in a diversion". If we accept this latter definition, then we also have to ask the question – Diversion from what?

Children

The answer in the case of children might well be a diversion from something less attractive, such as bath-time or bed-time or tidying the bedroom. (In the case of adults, playtime might also be a welcome diversion from employment or house-cleaning).

These would appear to be fairly negative views of play and would tend to suggest that it is a non-central and non-purposive activity and thereby serves a non-important function in our lives. But is this true?

With regard to children, solo or group play whether at school or at home, provides a whole range of benefits (social skills, cognitive development, physical development etc).

Adults

In view of all the benefits for children via play, what role does play have in the adult world? Assuming that we have all had a

'wonderful' childhood full of functional play-time, what does play actually mean for adults?

In our hectic modern lives, many of us focus so heavily on work and family commitments that we never seem to have time for pure fun and have stopped valuing play as a diversion, and treat it as a time for aggressive competition thus denying the 'diversion' or even 'fun factor' in play. (eg) bragging rights arising from inter-departmental sports at work or competitive sports in the home situation, eg. Dad does not necessarily have to win every time at Scrabble or table tennis against his children!

Referring back to the notion that play is a diversion from everyday stressful situations, below are a few examples of 'play inside and outside the home. (NB) Don't forget to switch off computers and television)

- Take it in turn to nominate activities
- Have a regular family games night
- Enjoy a weekend family car outing or walk
- Have a water pistol fight in the garden
- Treasure hunt in the garden or in the house

Our society tends to be dismissive of non-purposive fun-play for adults. Play is perceived as unproductive, petty or even a guilty pleasure. The notion is that once we reach adulthood, it's time to get serious, and between personal and professional responsibilities, there's no time to play or re-kindle relationships. How sad?

"We don't stop playing because we grow old, we grow old because we stop playing"

(George Bernard Shaw)

Dear Editor,

I note in **Sudbrooke News** (February 2017) that a bid by the Sudbrooke Toddler Group for a grant from the Parish Council has been declined.

Interestingly, another group in the village seems to have little difficulty in being awarded a succession of grants.

Can the Parish Council please publish via **Sudbrooke News** the criteria used in their decision-making process.

Dr Alec C. Carrotte

Dear Editor,

Isn't it about time something was done about the amount of huge hedges overhanging the pavements in our village?

I often walk around Sudbrooke and am constantly having to either scrape past massive leylandii hedges or hop on to the road as the path is barely visible because of house owners not cutting them back.

I know the council have debated this subject in the past, but it doesn't seem like much is being done as there are several hedges out of control, such as down St Edward's Drive and Park Close, to name a couple.

Why can't those people who own these get their shears or trimmers out and do something about them rather than just leaving them to grow and grow? Can something be done?

Harry Deeney

Dear Editor,

Am I the only person getting fed up with the general lack of manners in society, especially from car drivers?

The next time I give a car coming towards me the right of way without even a wave of the hand as gratitude, will be getting a shrill blast on my horn!

Tom Martin

Dear Editor,

So, umpteen months on from the previous owner slinging his hook and still the shop lies empty and dormant, with hungry mouths left unfed, while villagers in Sudbrooke have to make the arduous trek to Nettleham or even Lincoln to replenish their pantries or pick up their copy of the pensioners-rag-of-choice, the Daily Fail.

Okay, so the last couple of points may be a tad exaggerated, but what on earth is happening and why after all this time, has the shop - which is surely a potential goldmine in the offing - not been bought or leased by new proprietors?

Is the owner of the leasehold asking for too much money, are there no prospective shop owners out there, or is Sudbrooke just not seen as a viable proposition when it comes to starting up a new business?

How many residents live in Sudbrooke and nearby villages of Scothern and Langworth, who like us, have no means of trading one's wares? There must be a couple of thousand at least? So what is the problem?

And why haven't someone like Tesco or Sainsburys come in and seen what potential there is here and opened up a mini store, or even the Co-Op? Okay, the latter have stores in Nettleham, Welton and Dunholme, so they hardly need another in the vicinity, but surely we are prime territory for one of the bigger supermarkets - it looks perfect for a Tesco Express or some such ilk.

Heck, on recent journeys through Lincolnshire, I have even spotted a Co-Op in that backwater of a place Ancaster, and that village is no bigger than ours!

Come on, we need answers and, more importantly, we need someone to come in and take the shop on (and to run it much better than the previous incumbent too).

THE END OF AN ERA FOR CHERRY TREE OWNERS

The Cherry Tree Cafe will soon have new owners after Charlie and Marina Massey decided to call time on their 32-year stay in Sudbrooke and have put the thriving business, along with their four-bedroom house and tennis court on the market.

For a cool £975,000 the whole lot can be yours (all enquiries to Mundys), with the Masseys ready for a quieter life as they head into retirement.

“I retire in June and I have been up every morning at 7am for years and I’ve had enough,” admitted Charlie. “It has been bloody hard work and it’s time to move on.

“It is one hell of a business. The people who will eventually buy it, will discover that pretty quickly.

“It has been my life. I recall that the woman I bought it off all those years ago saying to me ‘it will ruin your life’. It has been great for us and it enabled us to put our two children through private school.

“I suppose I have never exploited it’s full potential, but we’ve always been really busy. We did 130 roasts dinners on Sunday.

“I always thought it would be perfect for a fish and chip restaurant, something like Elite in Lincoln, while it would make for a good curry house, it has certainly got the look.”

Originally the site of the village store, when it was called The Top Shop,

Charlie knocked down the ramshackle building and within a week had built and opened the Cherry Tree Cafe & Bistro, with him and a mate doing all the work themselves.

“I did all the labouring and Peter Howse did all the plastering. It was hard work, but we were open within a week,” added Charlie.

A celebrity was due to cut the ribbon to the new premises, but sadly it never happened.

“Daniel O’Donnell was supposed to open it, but he never showed up,” revealed Charlie. “But then he rang us to up to apologise for his no-show.

“I remember telling my wife that some Irishman was on the phone, claiming to be Daniel O’Donnell, and it turned out it was actually him.”

In another case of so near, yet so far, Tom Hanks was going to head to the cafe when filming *The Da Vinci Code* in Lincoln a few years ago.

“He was said to be on about it, but sadly he never came,” added Charlie.

The cafe, which employs between four and nine people, depending on how busy they are, will continue trading until the Masseys find a buyer, with the hope that the new owners will carry on with the business.

But what about Charlie’s sideline as one of the country’s best Hercule Poirot lookalikes? “I am definitely, carrying on with that,” he laughed.

Flix In The Stix

**ALL FILMS START AT 7.30PM - DOORS OPEN AT 7PM.
JUST £3 ON THE DOOR**

Scothern Village Hall committee continue to host 'Flix in the Stix', run by Lincolnshire-based non-profit organisation Blueprint: Film Foundation. The service provides monthly cinema screenings to seven rural locations across Lincolnshire.

There will be a range of fantastic films from a varied programme, including recent releases, award-winning films and classic titles. The film programme has been specially selected by the committee, in partnership with Blueprint: Film Foundation. Films will be screened by a technician on state-of-the-art equipment, transforming the local hall into a cinema for one evening a month.

There will be food and drink available on site, with proceeds going to the village hall committee. Films will begin at 7.30, but doors will be open from 7pm, so make sure you arrive early to grab your seat! Tickets will be priced at £3, with £1 of all proceeds being donated to the village hall committee for use within the hall and local community. All other box office proceeds are put back into the community cinema, to allow it to continue running each month. The programme for the spring season of Flix In The Stix is as follows:

Friday 24 March, 7.30pm

Singin' in the Rain (1952)

The classic musical comedy starring Gene Kelly, Donald O'Connor and Debbie Reynolds. In 1927, Don Lockwood (Kelly, who co-directs) has worked his way up from being a song-and-dance man with partner Cosmo Brown (O'Connor), to become a top movie star. His on-screen partner, Lina Lamont (Jean Hagen), who believes Don loves her for real, needs to have her awful voice dubbed with the arrival of talkies. The girl selected is 'serious' actress Kathy Selden (Debbie Reynolds), for whom Don soon falls.

is further thrown into disarray when his benefits are suddenly taken away from him and he is forced to jump through the many hoops of the bureaucratic system to get them back. During this time, he meets the similarly-troubled single mother Katie (Hayley Squires). The film was nominated for five BAFTAs including Best Film, Best Director, Best Original Screenplay and Best Supporting Actress.

Friday 28 April, 7.30pm

I, Daniel Blake (2016)

Ken Loach directs this drama that follows a 59-year-old joiner as he tries to navigate the British benefits system. In the North-East of England, widower Daniel Blake (Dave Johns) is forced to stop working when he is taken ill with heart disease and so applies for Employment and Support Allowance from the Government. But his life

Friday 26 May, 7.30pm

Sing Street (2016)

Sing Street takes us back to 1980s Dublin where an economic recession forces Conor out of his comfortable private school and into survival mode at the inner-city school where the kids are rough and the teachers are rougher. He finds a glimmer of hope in the mysterious and uber-cool Raphina, and with the aim of winning her heart he invites her to star in his band's music videos. She agrees, and now Conor must deliver what he's promised - he forms a band with a few lads, and the group pours their hearts into writing lyrics and shooting videos. Featuring a memorable soundtrack, with hits from Duran Duran, The Police and Genesis, Sing Street is an electrifying coming-of-age film.

WORST DAY EVER?

Today was the absolute worst day ever
And don't try to convince me that
There's something good in every day
Because when you take a closer look,
This world is a pretty evil place.
Even if

Some goodness does shine through once in a
while

Satisfaction and happiness don't last.

And it's true that

It's all in the mind and heart

Because

True happiness can be attained

Only if one's surroundings are good

It's not true that good exists

I'm sure you can agree that

The reality

Creates

My attitude

It's all beyond my control

And you'll never in a million years hear me say

Today was a very good day

Now read it from bottom to top, the other

way,

And see what I really feel about my day.

LONELINESS

I loitered in the busy street awhile,
Hoping that I'd find a friendly face;
My yearning eyes were begging for a smile,
My heart cried out for help in that crowded
place.

I longed to speak, yet dared not be the first,
To make a friendly gesture, speak one word;

My longing grew until I was athirst,
For contact; yet my thoughts were still
unheard.

That street had children, families and friends,

And lovers arm in arm in sweet content;

My heart cried out: "Oh speak, or my life
ends!"

And yet my face concealed just what I meant.

I died a silent death as they walked by,
For in crowds one lonely heart can surely die

DENTAL PROBLEMS

■ The GPs have seen several patients recently who have dental problems, but have been unable to make an appointment with a dentist. GPs are no longer covered on their medical indemnity to treat patients with dental problems.

If you think that you have a dental problem, please see a dentist.

There is little that a GP can do apart from recommend painkillers such as Ibuprofen or Paracetamol which can be bought in a chemist

Further help can be sought from:

► website - www.nhs.uk

► Phone 111 to request details of dental services in your area

► text the word "dentist" to 64746 or NMSGO from your mobile phone from the area you need a dentist

TRAVEL VACCINATIONS

■ It is that time of year again when people start to book holidays abroad. If you are travelling abroad and think that you may require vaccinations, please call in at the practice to collect a travel questionnaire or download one from our website.

Complete the form fully (one for each person travelling not one per family) and return to the practice and book an appointment with a nurse. Before you attend your appointment, a nurse will check the latest travel guidance as well as your records to ascertain which vaccines if any are

required. Please do not leave it to the last minute as the earlier the vaccines are given the better!

More information about travel vaccinations can be found on the NHS Choices website at <http://www.nhs.uk/Conditions/Travel-immunisation/Pages/Introduction.aspx>.

General advice about travelling abroad can be found too on the NHS Choices website at <http://www.nhs.uk/LiveWell/TravelHealth/Pages/Travelhealthhome.aspx> which includes links on how to obtain a European Health Insurance Card (EHIC).

LATEST UPDATE

■ The doctors are aiming to review repeat medications annually in the month of the patients' birthday. This is to check that medication is still required and that appropriate monitoring has taken place during the year.

Some of these reviews can be carried out over the telephone and others require blood tests or specialist review appointments. Patients on repeat medications should ask at reception before their birthday month so that checks and appointments may be made to enable re-authorisation of medication.

It may not be possible to re-authorise medication without the appropriate checks or discussion, which may cause delays.

A doctor will need to authorise any acute prescriptions before being added to patients' repeat medication list. Urgent requests for medication - please help us by trying to avoid

these situations and order medication in good time. Following risk assessments, the doctors have asked that their surgeries are not interrupted except in emergency situations.

As a result they will be signing urgent prescriptions at the end of morning surgery which will be available to collect after 4pm and any urgent requests received after 4pm may not be available until the next day.

Staff have asked for a reminder that mindful of patient confidentiality we are not able to supply information about other patients' appointment times, test results etc. without the express consent from the patient concerned.

Finally, we are delighted to welcome back Nadina Prestedge from her maternity leave this month and advise that she will be resuming her position as Practice Manager with immediate effect.
