OH well, the Christmas Party at the Village Hall was cancelled, the LIVES group has folded... but it's not all doom and gloom in the village as there is the proposed development of Sudbrooke Woods, that is the focal point of this month's magazine.

Dominik Jackson, of Jackson & Jackson Developers, who are behind the £28million student flats development off Ruston Way, has contacted the magazine this month to outline his company's plans for the woods.

It is a project that is bound to split opinion in Sudbrooke - these things always do - so for some residents this may be another ingredient in the recent the 'doom and gloom' scenario that seems to be afflicting the village... at least there was a good turnout (ish) for the Christmas Tree lights switch-on event. Thanks to Pat Wright, Roger Adams, Grant Ashley and Martin Dickie for their hard work with the tree from start to finish.

All the usual articles in again this month and a fair few readers' letters to mull over, but I could do with more. Let The Wind Blow. **Dom**

# CAR DRIVERS: PLEASE READ

**During the past few months several incidents have been reported of drivers exceeding the speed limits in and around the village.**

**The main areas of concern appear to be Church Lane, Manor Drive, West Drive and Holme Drive. Some of the roads through the village are narrow and have a reverse camber on them, which can make driving difficult even at the recommended speed.**

**For the sake of all residents, especially the elderly and children please drive with due care and attention and within the speed limits.**

**Thank you**

**Bob Waller  
Vice-Chairman Sudbrooke Parish Council**

**The planning application for Nettleham for 75 dwellings including cycleway link to Sudbrooke has been refused. The main reasons for refusal were: 1) The proposed site is located in open Countryside and therefore considered to be an economically unsustainable location and contrary to the Nettleham Neighbourhood Plan and, 2) The development would not incorporate features to facilitate a sustainable drainage system.**

## 118) Report on Matters Outstanding

■ **a) Christmas Tree Switch on event – November 30, 2014:** It was reported that the weather had been kind resulting in a good turnout.

The Clerk was instructed to write letters of thanks to Mr Pat Wright and Mr Roger Adams for putting up the Christmas tree and lights.

Thanks also were extended to Ms Kate Buckley for once again making the mince pies for the event. The Chair proposed, seconded by Councillor Paul Rignall, that as a token of appreciation the Clerk organise the purchase of some flowers for Ms Buckley.

Cllr Martin Dickie declared a personal interest in the above as partner of Ms Buckley and took no part whatsoever in any discussion.

■ **b) CCTV equipment at Village Hall:** It had not been possible for a site meeting to be arranged with members of the Village Hall Committee, proposed contractor and Cllr Martin Dickie. The Chair of the Village Hall Committee was to report back to his committee.

In the meantime the Clerk was seeking possible grant funding for the equipment. £500 had been offered from the Big Society Fund from County Councillor Mrs Sue Rawlins and it was hoped that £500 could be sought from the Community Chest fund.

- iv. On the corner of West Drive/Main Drive
- v. In Sudbrooke woods
- vi. On Scothern Lane halfway towards Ellison Boulters School (this would be in Scothern parish)

An item was in the current edition of **Sudbrooke News** requesting suggestions of locations from residents which would be discussed further at the next meeting of the Parish Council.

# PARISH COUNCIL REPORT

## Brief report of meeting held on January 8, 2015

**Five councillors were present along with the Clerk, Treasurer and one member of the public.**

■ **Hedges:** There have been reports of some overgrown hedges and shrubs in residents' gardens causing problems for people walking on the footpaths and for those using scooters/buggies. These overgrown hedges can also cause problems of vision for road users. It is appreciated that we don't always realise that our own hedges are causing a problem to others. Residents are asked to please have a walk around the perimeter of your property and have a check. If the hedge is hanging over your boundary - get the shears out!

■ **Internet problems in Sudbrooke Park:** It was brought to the attention of the Parish Council that some residents in Sudbrooke Park were having problems gaining access to the internet.

Lincolnshire County Council have used AB Internet (0800 952 0080) to install wireless broadband to remote areas of Lincolnshire (coastal areas and Alford) where BT either can't reach or doesn't get a good signal.

For anyone having problems with their signals the company can come out and survey your property to check whether their equipment would be beneficial to you. Their costs and monthly rental appear to compare with BT.

■ **New noticeboard:** This has now been delivered, funded by the District Councillors Initiative Grant, and will be sited on Scothern Lane to the front of the Jubilee Garden.

■ **Footpath - Fox Covert:** Following a resident's request for this footpath to receive maintenance, the Parish Council are seeking the opinion of the LCC Highways Department.

■ **Bus Shelter outside Park Gates:** A resident had requested that a 'window' be made in the bus shelter. Although a decision has not been made to fit a window the price for one is being sought.

■ **Parish Council elections:** These will be held on May 7, 2015, along with the District and General elections. It is likely that there will be some vacancies for our Parish Council due to long-time serving Councillors deciding not to seek re-election. Further information is included in the magazine. Any resident wanting further information please do not hesitate to give me a ring on 750531.

■ **Dogs on playing field:** It has been reported to the Parish Council that dogs have been seen running loose on the playing field. Residents are reminded that dogs are not allowed on the field for the obvious reasons of children using the field for playing on.

■ **Next meeting of the Parish Council:** Thursday 5 February, 2015 - Village Hall, 7.30pm.

## LATEST UPDATE

■ We ended our Winter Term with two very busy days at preschool. On Wednesday 17 December, we held our preschool Nativity play.

As always, our children looked beautiful dressed in their costumes and performed brilliantly in front of an audience of 40+ friends and family. They sang a range of Christmas songs as well as some impromptu 'Let It Go', and really did us proud!

The following day was our Christmas party, where the children enjoyed some party food and games. Our morning was completed with a visit from Father Christmas - our thanks go out to "Father Christmas" for stepping in at the last moment and being so convincing that he wasn't even recognised by his own grandson!

We start our Spring term with 10 new children and their families joining us. All are settling in well and getting used to the routines of preschool. Our theme for this term is 'Animals' so they will be taking part in lots of animal-based

crafts and activities. We look forward to a visit from ZooLab at the beginning of February, who bring a variety of exotic animals for the children to see and touch.

For more information about our preschool or to view photographs, please visit our website at [www.sudbrookepreschool.co.uk](http://www.sudbrookepreschool.co.uk).

# BENCH PROPOSALS

Your ideas of the location of the new village benches

**Dear Editor,**

For me the ideal place would be at the top of the hill in West Drive at the little green where it meets Main Drive, with the back of the seat against the hedge and facing down the hill towards the beck. By the time I have climbed the slope I am ready for a rest.

*Paul Symonds*

**Dear Editor,**

Where Manor Drive meets West Drive and the Bridal Path. Somewhere on that grass at Beech Tree corner a lovely spot, near the pavement

*Sharon Brown*

**Dear Editor,**

How about outside the village shop where people wait every weekday by the bridge over the beck for the bus into the city? It would be most gratefully welcomed by OAPs like me who are disabled.

*Dorothy McCann*

**Dear Editor,**

Near where the car is in the wood, and close to the stones on West Drive.

# TAKING A WALK IN THE COUNTRY

## DECEMBER WALK

A LOVELY crisp winter's morning greeted 15 walkers for the seven-mile walk through Sudbrooke Park, across the fields towards Reasby before heading west to Pickerings Meadow Nature Reserve.

The walk then passed through Scothern village on the way back to Sudbrooke Village Hall.

Having worked up a good appetite, walkers retired to The Farmers at Welton for a wonderful Christmas lunch.

## JANUARY WALK

Eight walkers and a dog set off on a seven-mile circular walk to and around our neighbouring village of Nettleham. It was very muddy over the fields from Scothern and light rain was falling.

A coffee break was taken at Mulsanne Park pavilion and from there walkers passed through the site of the former Bishop's Palace.

Spotting a kingfisher near Nettleham beck provided a rare treat.

Walkers then completed the return journey to Sudbrooke via Sudbrooke Lane and Church Road.

## NEXT WALK

An eight-mile walk in the countryside around Ingham village taking in St Edith's Church at Coates. The church is originally Norman and the interior is little changed since medieval times.

Walkers should meet at the village hall at 9.30am and are advised to take a waterproof coat, wear suitable footwear, take a snack and a drink.

If you wish to walk and need a lift, please turn up at the village hall.

Everyone is welcome to join in this free and healthy activity.

The walking group meets on the first Saturday of every month at 9.30am at the village hall.

## FUTURE WALK

The March walk will take place on Saturday 7 March. The venue is to be agreed.

Sudbrooke Parish Council is due for election on May 7, 2015 and there are likely to be some vacancies. Please give some thought to the following and if you are interested in joining the Parish Council further information is available from Chris Myers, Clerk to the Council on 01522 750531 or email on [myerspc94@gmail.com](mailto:myerspc94@gmail.com)

## ***Could you be a Parish Councillor?***

As a Councillor you can become a voice for your community. Parish Councils are the most local part of our democratic system and are closest to the public.

**How much time does it take up?** Quite often Councillors say that their duties occupy them for one-three hours a week. In the main, being a Parish Councillor is an enjoyable way of contributing to the village and community and helping to make it a better place to live and work.

Am I qualified? Most people are. However there are a few rules. You have to be:

- A British Citizen or a citizen of the Commonwealth or the European Union
- 18 years or older
- His/her principal or only place of work in the previous 12 months has been in the Parish
- Registered as a Local Government Elector on the current Electoral Register
- Have resided either in the parish or within 3 miles thereof during the previous 12 months
- During the whole of the previous 12 months occupied as tenant or owner of any land or other premises in the Parish

You cannot stand for election if you are:

- The subject of a bankruptcy restriction order or interim order
- Have, within five years prior to being elected, been convicted in the UK of an offence and have had a prison sentence (whether suspended or not) for a period of over three months without the option of a fine.
- Work for the Council you want to become a Councillor for.

# PARENTAL ROLES

## WHO DOES WHAT?

With **Alec C Carrotte**

Another special feature from Sudbrooke's resident philosopher

WHEN browsing around gift shops one often sees articles labelled 'My Dad knows lots of things, but my granddad knows everything'.

This line of thinking was amply demonstrated in the letter from Oscar Sinclair in the December issue of **Sudbrooke News**, where his grandchild expected him to play the role of a wise, elderly, family sage by instantly knowing the tree category of the Major Oak.

It is interesting the roles that we play. Some roles are achieved (eg) experienced cook or gardener, whilst others are ascribed (ie) given to us by others (eg) Bank of Mum and Dad!

In past times, the main parental roles were fairly simplistic in that the role ascribed to Dad was that of 'breadwinner' and to Mum the dual role of house-keeper and child-carer.

Nowadays father and mother roles are very much more complicated and blurred, with a great deal of inter-changeability taking place (eg) role reversal and role-sharing.

Below are some examples of the roles that parents are these days expected to carry out in their duties as parents:-

**AFFIRMER** - encourages independence (knows when to let go), approves, blesses, loves

**BROKER** - seeks mutual resolutions to conflict

**COUNSELLOR** - displays genuineness (congruency between thought, word and deed), listens, empathises

**LEADER** - makes and explains decisions, takes responsibility for child's welfare

**MOTIVATOR** - praises, encourages, rewards

(praise and gifts), provides a sense of destiny, sets goals, suggests dreams, promotes positives over negatives

**PROTECTOR** - physically and emotionally keeps children safe

**PROVIDER** - supplies food, warmth and shelter for children

**SUPPORTER** - acts as a safety net (emotionally and physically), comforts, listens, attends (being there), gives time, heals, helps

**TEACHER** - teaches (by word and demonstration) spiritual faith, survival skills, communication skills, social skills, responsibility, self-discipline, intellectual development, relationship skills, courage, moral and ethical conduct, service to others, sense of duty, (public and private), politeness/manners, faithfulness

No single person or couple can possibly perform all of these roles brilliantly all of the time - we can only try our best.

# PROPOSED SADBROOKE DEVELOPMENT

## Dear Residents of Sudbrooke,

You may or may not be aware of the potential development site which sits in the woodland area of the village, adjacent to Wilkinson Bros Farm.

The land did have planning permission many years ago and has since sat dormant.

We, Jackson & Jackson Developments, are now looking to take the development forward and hope that we can work with the local community to extract more widely felt benefits from the site than have previously been discussed in its various forms of ownership.

We are only interested in delivering a site which is sympathetic to its surroundings, offers high quality well thought out homes while improving local amenities and affordability as part of the process.

We believe that the site offers a genuine opportunity whereby a real difference in the area could be made, including the following:

1. To create an established public space in and around with lake area with pathways that will allow for better access and reduced crime risk.
2. To increase the number of dog walking/public paths with increased mileage around the land.
3. Potential for a commercial/ restaurant facility within the park.

4. Access to further woodland and public open space in the centre of the village.

5. We see an opportunity to reduce the farm traffic flow through the main village as the development would involve a number of the poultry sheds being demolished - meaning the poultry activity will not sit so close to the existing village and/or new residential area.

We have held initial meetings with West Lindsey District Council, the Environmental Agency and the local Parish Councillors to open up initial dialogue on the development.

We believe that this site presents an exciting opportunity to deliver important new facilities for the village.

However, at this early stage in the process we would welcome the views of the local community to help shape and inform what we are proposing.

Accordingly, we would like to invite you to meet with us at Sudbrooke Village Hall on February 25 - it will be a drop-in event open for visitors anytime between 4-8pm

I look forward to further discussions on how we can help improve the village through this new site.

Kind regards,

Dominik Jackson

## A BIG YEAR

■ New Year Greetings to everyone - a little late, but hey!

This is a big year for the Diocese of Lincoln (Lincoln Diocese = big area of land covering Lincolnshire, North Lincolnshire and North east Lincolnshire, over 600 church buildings and lots of people looked after by Bishops of Lincoln, Grimsby, other senior staff, clergy and loads of lay people).

It's a big year because on January 18, the Diocese launched its year of Discipleship.

We were pleased to welcome Revd John Leach, one of the Diocese Discipleship Advisers to preach on that day in Cherry Willingham and to launch us into a project to take a look at where we are going as churches over the next few years.

I am trusting that we can switch our emphasis away from the refurbishment and maintenance of buildings, which I think has characterised the last four years since I arrived, and move towards what I might call 'the real church' the people.

I hope that doesn't mean I am prejudicing the outcome! In the Barlings Group, we will start this process a little later, but we all need to take a long hard look at our mission and purpose together.

But the 'Year of Discipleship' begs a question - what's a disciple? I have borrowed this from the Diocese web-site - I couldn't explain it better myself...

'When Jesus used the term (disciple), he would have done so into a culture which knew the concept well. Jewish rabbis would have 'disciples' who would spend time with them, learn from them, and model their lives on them.

Jesus was behaving exactly in the same way: his disciples were called to be with him, to learn from his teaching, and to be transformed as people in the process. But Jesus went

further than any rabbi: those who were his disciples in the gospels became his apostles in Acts, as the called ones became the sent ones.

And while the rabbis focussed on knowing the Law, Christian disciples are called to something far deeper: becoming more like Christ in character.

St Paul wrote to the Galatian Christians: 'My dear children... I am again in the pains of childbirth until Christ is formed in you'. Discipleship isn't about what we know, it's about who we are.

Sometimes it helps to define something by looking at its opposite. So disciples are not those who nod in the direction of faith, but don't let it get too serious.

It isn't about doing your statutory hour a week in church and then living exactly how you like the rest of the time. It isn't about seeing church as a leisure activity where we can meet friends like us.

And neither is it about living uncritically in the consumerist culture of 21st Century Britain without letting the deeply counter-cultural values of Jesus challenge us.

Discipleship is a full-time job, which is about knowing Christ, making him known to others, and growing to be more and more like him. It's about becoming faithful, confident and joyful Christians.

Discipleship is an exciting journey, and wherever we are on it, whether newcomers or seasoned believers, we believe that God is calling us to go deeper, to know Jesus more clearly, to love him more dearly, and to follow him more nearly.'

So, I am hoping that many will join me on this journey and that we can learn together!

Penny

### Dear Editor,

I am a resident of Sudbrooke and work for a large national major vehicle windscreen repair company.

Many of you will have seen my van in the village. Twice last week I was called by my company to attend to cars whose owners had broken their windscreens in frosty cold weather by trying to unfreeze them using warm or hot water in Sudbrooke.

**DON'T DO IT!!** Don't say: "It couldn't happen to me - I've done it lots of times before."

The next time could be a costly lesson. Even if fully covered by insurance there is the loss of time element. **ONLY** use a plastic scraper, with a can of anti-freeze spray and with warm air from the engine on the car's blower system (no, .not the wife's hairdryer).

A few minutes with the engine running could save you a great deal of time and money.

Ignore this advice and you could join the dozen or so cases I attend to each week when the weather is freezing cold.

*Bill Preston*

### Dear Editor,

As a part-time volunteer at the St Barnabas Charity Shop on the site of the Tesco car park in Wragby Road, and a resident of Sudbrooke, I am surprised how few people from this village use the shop.

I am sure that few folks have even realised it is there. It is a bit tucked away and most shoppers using Tesco's supermarket turn right towards the petrol station as soon as they enter the complex.

However, if they were to take the first turning on the left 20 yards after leaving Wragby Road the first place that they would come to would be our charity shop. A brand new shop only opened six months or so ago. It is nice and large and contains a wide variety of clothes, bric-a-bac and other donated items. Far more than most other such stores around, but so little

used with the footfall over the doorstep almost nil.

This is because so few folks know we are there. It is ideally situated to receive donations of all sorts shapes and sizes, even the large and heavy stuff with parking for cars to unload only six feet from the front door on the side nearest Tesco. (However, there is no entry or parking in Wragby Road which is double yellow lined)

Next time you visit Tesco's please take the time after your shop to pop in and inspect our store and pick up a bargain

Then you can spread the word and tell all your friends we are there Unlike most other charity shops you won't have problems parking .

We even let shoppers using the supermarket park in our car park (JUST MY LITTLE JOKE!!!)

*Brenda Smith*

### Dear Editor,

Can I through your role as editor of our local magazine draw attention to the wonderful service our village post persons provide for us through all the worst kinds of conditions and weather?

They are always on time with a smile and a

cheery welcome. At least two of them actually live in our village. They deserve a pat on the back by way of a thank you. I do, however, have one small complaint about their service - I keep getting lots of letters not intended for me. They are Bills!!! Why don't you deliver them to him?

*Ruth Marlow*

I am making enquiries for my family tree, hoping someone in the area might know of anyone connected to the PERRIN family who lived in Cherry Willingham, Sudbrooke, Fiskerton, Stainfield, Langworth and Greetwell, between 1800 and 1900. My grandfather, William Perrin, was born in Sudbrooke in 1873.

If anyone can help please get in touch [hedleyfoster840@btinternet.com](mailto:hedleyfoster840@btinternet.com).

Many thanks, Hedley Foster

### **Dear Editor, Hedges and Pavements**

One of the pleasures of a walk around Sudbrooke is the attraction of a well-kept front garden and the obvious dedication of the householder to maintaining it. However, less pleasurable is the necessity to step off the pavement to get round an overgrown hedge to avoid being "spiked" or soaked by rain-drenched leaves.

Over the years those little shrubs, planted on the boundary of the property, grow up and take on their own space. Trimming takes place, but in such a way as to encourage growth for the privacy and sense of security that the boundary hedge gives. The net result can be an attractive well-cut hedge, but one which has now taken over half or more of the pavement.

Homeowners should be aware that the pavement is the property of the Highways department of the local council. If your hedge has grown to such an extent then you could be liable for the cost of cutting it back should the Highways department have to take action to restore the pavement.

It should be possible for two people to walk

side by side, or pass by without the necessity to step into the road.

If anyone were to be injured as a result of having to avoid such a blockage then there is a possibility of the homeowner being held liable in law for damages.

The Parish Council wants to see everyone able to enjoy our beautiful village without problems and do from time to time send out letters to homeowners to remind them of their responsibilities.

It was felt by the PC that, at this time of year before the growing season starts it, it would be good to ask you all to have a look at your boundary hedge and judge for yourself whether or not it would be safe for two people, or one person pushing a double buggy, to walk by without restriction.

If the answer is "no" then perhaps it would be a good time to it cut back and enjoy the "fruits of your labours" later in the year!

*Peter Heath*

*Sudbrooke Parish Council*

### **Dear Editor,**

I left Sudbrooke, the village I was brought up in 25 years ago when I retired and went to live in Spain.

Following the death of my husband, I decided to return to England and have recently moved back to my roots and bought a place here in Sudbrooke.

I am delighted to say that the village is still the place of my fondest memories even though it has greatly changed in population size and has now a good village bus service, and other additions such as the village shops, which make life easier for folks of my age.

However, one thing that I have fond memories of and dearly miss are the peacocks which could always be seen strolling about in Scothern Lane near Wragby Road. They really did give our

village a very lovely rural and elegant touch of class. What has happened to them?

Rumour has it that newcomers taking up residence in the village objected to the birds mating calls and shot them.

Surely this cannot be true? There were always about a dozen of them and they were so beautiful as they strolled about displaying their plumage.

Does anyone know what happened to them? Was anyone prosecuted for any offence in connection with their disappearance?

Perhaps other readers of **Sudbrooke News** could write in and tell what happened.

*Rachel Anderley*

***You don't have to  
face things alone***

Times have changed with people working longer hours and relatives living long distances apart. We often don't know what is going on in people's lives. They could be suffering through bereavement or trying to tackle depression. They may be experiencing a major life challenge - for example, a breakdown in family relationships or recovery following accident or illness. Some people just feel very lonely and isolated and don't know where to turn.

We have noticed this gap and designed Assist for individuals who would benefit from one to one support to help them regain their confidence and get back on their feet. Assist is a Christian organisation supported by a number of local churches and receives funding from an NHS Mental Health Promotion Grant. This means that with the help and support of caring and committed volunteers, we have seen real improvements in the lives of the people we get alongside.

We also refer people to the "Christians against Poverty" organisation for their debt advice services and if we ourselves can't help we will do our best to find someone else that can!

Our services are free and entirely confidential and we cover the north of Lincoln and nearby villages including Langworth, Sudbrooke and Greetwell. You can refer yourself to our services or ring on behalf of someone else (with their permission).

**If you would like more information about Assist:**

**Telephone: 01522 370164**

**Website: [www.assistlincs.org.uk](http://www.assistlincs.org.uk)**

**Have you got a few hours a week to spare?**

There are many people in our local communities for whom the strains and demands of life have become daunting, hugely burdensome or the source of deep unhappiness and we believe that Assist Volunteers can offer a real lifeline and new hope for the future.

If you would be interested in becoming an Assist Volunteer, please contact Jenny Pepper, Assist Coordinator on 01522 370164. Full training and DBS checks will be provided.

## MISSED APPOINTMENTS

The practice is experiencing an increased number of appointments, both with doctors and nurses which patients do not attend (DNA). In the last 3 months these lost appointments have equated to 41¼ hours of doctor time and 110 hours of nursing time. There is an unprecedented demand for appointments at the moment and it is frustrating that this volume of valuable time is lost.

Whilst the practice recognises that there are times when you are unable to attend a booked appointment, we request that the practice is contacted and the appointment cancelled so that it can be reallocated to another patient.

We are now able to send SMS text reminders to patients to remind them of their appointments. If you would like to receive SMS reminders, please let the receptionist know and they will be able to activate this for you. We thank you for your help in trying to reduce the number of DNA appts in 2015.

## STAFF CHANGES

The practice is pleased to welcome Dr Elmer Molave who will be joining as a full time GP early in the New Year.

## SMOKING CESSATION CLINIC

As it is the time of year when resolutions are made, the practice would like to remind patients that we hold weekly smoking cessation clinics to which you can self-refer. If you are wishing to stop smoking and would like some help, please contact the practice and book an appointment with either Cathy or Vicky.
